

# Youthbuild Graduation

June 2021

## Celebrating the students' completion of the latest Youthbuild programme

Bayanix was delighted to receive an invitation to attend the graduation ceremony of the latest cohort of Youthbuild students in Thamesmead. It was fantastic to see the enthusiasm of the next generation of construction workers and hear about their experiences and skills they have learned.

The students have successfully completed a six-week programme, which teaches them the skills to be able to carve out a career for themselves in construction.

Bayanix is supporting the Youthbuild programme and will be hosting a group of students on The Moorings project, to enable them to gain valuable on-site experience.
